May 2020

Amazing Announcement

We could all use a little good news these days!

MABTR is thrilled to announce that on April 28th, we hit a milestone with our 4000th life rescued!

Our services started in November 2005 and as of April 28th we have rescued 4000 Bostons and Boston mixes.

Our mission continues across 13 states as long as we have dogs in need, foster homes to house them and supporters to help with medical bills, fundraising, volunteering at events and transporting.

During these times MABTR is still in full operation taking in Bostons each week. Though it has slowed down, we are here to help.

Learn how you can help by visiting <https://www.adoptaboston.com/help/>
Donations can be made at <https://www.adoptaboston.com/help/donate/>

~~~Thank you to all of you as it takes a village to save lives!~~~

### How is MABTR handling their operations with current events?

#### Is MABTR taking in dogs?

MABTR is still accepting dogs into our rehoming program. Foster parents are keeping their distance at meet ups with current owners. Unfortunately, most shelters are closed so pulling dogs from the shelters has come to a halt (if you have a contact with a shelter employee please let them know we are here to help). Breeder releases have also slowed down greatly. At the end of the day we will not turn away a Boston in our 13 serving states.

Donate

**All donations**  
(monetary or items)  
are **tax-deductible**.

MABTR is  
**100% volunteer-driven**. Your entire  
donation amount goes towards  
rescuing, rehabilitating, and re-  
homing Bostons in need in foster  
care.

#### Employer Match Programs

*Did you know that many employers will match your donation to a 501(c)3 organization? Some even pay a flat fee to the organization for volunteer hours!*

If you know of a dog needing to be rehomed they can call 402-510-1346 or visit <https://www.adoptaboston.com/rehome-your-dog/>. Also if you know of a animal shelter employee within our serving states please share with them that MABTR is taking in bostons if they come across needing rehoming.

Medical treatment is also being completed for our dogs. Vet clinics are open however most clinics are asking clients to call the front desk from the parking lot and the staff will come out for a report and to collect the dog, again limiting human to human interaction. Please make sure that if your pet needs medical attention that they are taking to the vet.

### Can my pet get COVID-19?

*~~May update~~*

Late last week, a story made the national news: Walter the Pug in North Carolina was the first dog in the United States to test positive for COVID-19. Three of the four humans in Walter's family had contracted the virus in late March.

What does this mean? Honestly, we don't know yet. Is this an isolated incident? Did Walter get it simply because he was in such close contact with so many people for so long?

We expect more information and research to come following this news. In the meantime, as always, if your pet needs medical attention please make sure they get it, even though you may not want to go out. Many clinics are having you call the front desk as you arrive in the parking lot limiting the number of people in the building or having you sit in the car during your pet's office visit.

### Is MABTR adopting dogs out at this time?

MABTR is accepting adoption applications and will continue to post our dogs online as they become available. The process to finding a forever home will continue. Adoptions within the state the dog is fostered in will take place within a few days however out of state adoptions where the adopter resides in a "stay at home order" by the government state will have to wait until the order is lifted before we can transport their Boston to them. It is important that MABTR follows the law.

### Is MABTR transporting dogs at this time?

MABTR is moving dogs within the same state the dog is fostered and across some state lines where there is no "stay at home order". As for across state lines where the "stay at home order" by the government exists, moves will be on hold until further notice. It is important that MABTR follows the law.

### Is MABTR in any need of volunteers or foster homes at this time?

MABTR is always in need of foster homes and volunteers. We are accepting foster applications at this time. Interviews are taking place. This will be a good opportunity to get your feet wet as things are slower than normal. Learn more about these opportunities at <https://www.adoptaboston.com/help/>.

### What is the plan for upcoming MABTR fundraisers and events?

Unfortunately, as of now all events scheduled for May have been canceled or rescheduled, new dates are pending for some of those events.

We did reschedule the CO dinner and Auction from May 2nd to September 12th. Details for this event found at <https://www.adoptaboston.com/events/co-dinner-auction/>

Our event calendar can be found at <https://www.adoptaboston.com/events/>.

We will always accept monetary donations which can be made at <https://www.adoptaboston.com/help/donate/>.

This is unknown territory for all of us and we appreciate all the current volunteers

Check with your human resource department for details!  
A few companies we know of are:

- Pinnacol Assurance
- AT&T
- Wells Fargo
- MidAmerica Energy Holding Comp.
- Pfizer
- Allstate
- CenturyLink
- CNA Surety
- CSG
- 8z Real Estate
- Great Western
- Thrivent Financial
- Western Union
- Salesforce
- Microsoft
- United Way
- First National Bank
- Lockheed Martin Corporation
- Benevity: Apple, Google, ADP
- Johnson and Johnson
- United Healthcare
- Walmart

### Fundraiser Results for April

# May Fundraisers

## Face Masks

With many people going back to work and cities opening back up, this is a great opportunity for our fans to support MABTR while being safe.

**All face masks and bows purchased in May made by Cheeky Chic will donate 50% of proceeds to the MidAmerica Boston Terrier Rescue!!!**

[CLICK HERE](#) for the selection of masks and bows to purchase

Your shopping gives back and helps a great cause. Thank you for the support and be safe.

## Omaha Gives

MABTR is participating in Omaha Gives on May 20th!!!! MABTR, along with other nonprofit organizations headquarters out of Nebraska, will ask for your donation during this 24 hour fundraiser. **Anyone can give, not just Nebraska residents!**

With your help we want to raise \$4000 plus that will help Bostons and Boston mixes throughout the Midwest! **That is \$1 for every dog MABTR has rescued since November 2005.**

*has NO age limit!*

**Do you regularly shop on Amazon?**

***Switch to Amazon Smile!***

Same Amazon (including login and prices) just a different URL:

<https://smile.amazon.com/>

**Choose your charity as MidAmerica Boston Terrier Rescue**

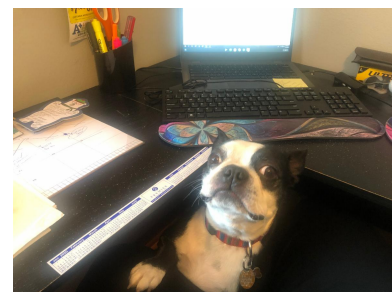

***Thanks in advance for the support!***

**MABTR JUST RESCUED OUR**

# 4,000TH DOG

Help us celebrate and get ready for the next 4,000 on May 20, 2020 by donating during Omaha Gives.

★ **AMERICAN NATIONAL BANK**

## OMAHA GIVES!

*powered by the Omaha Community Foundation*

Our goal for Omaha gives is to raise at least

# \$4,000

That is \$1 for every pup MABTR has saved. We need your help. We are asking for donation in any amount to help us honor every dog who is part of the MABTR family. Look for the link to donate in your email and on social media on May 20.

You can make your donation in advance or on May 20th at <https://www.omahagives.org/midamericabostonrescue/overview>

\*Omaha Gives is a 24 hour giving challenge with a lot of opportunity for us to receive bonus money on top of donations. The unique aspect of Omaha Gives is that the bonus money is based less on the amount we raise and more on the amount of people donating as little as \$10.

**Thank you in advance and thanks for spreading the word!**

*Craft and Art Fundraiser*

Honorable mentions:  
Karma, 2nd  
Elliemae and Nova, 3rd

*May's theme is:  
Bed Hogs!*

**Good luck!**

## Sponsorship Stories

### GRACIE

Arrived on September 5th, 2019 from a Missouri commercial breeder that was closing out their Boston Terrier inventory. Gracie was 9-years-old & still being bred - living in a wire cage 24/7. Upon her arrival it was clear that she had some orthopedic challenges. We were told she injured her front leg years ago, but it was never treated. This resulted in the leg healing incorrectly leaving her with severe arthritis. She also had luxating patellas that compromised her ability to get around. In addition to the orthopedic challenges she had an ulcer in her eye.

As a commercial breeder dog, she needed basic vaccinations, a spay, HW test, and a dental. This is not uncommon for most breeder releases. Given her age we also completed bloodwork.

Her orthopedic issues were x-rayed so we could come up with a game plan on how to treat them.

The plan with surgery #1 was to repair the luxating patella because this was the most troubling issue. Then a second surgery would be needed to amputate her front leg. These surgeries would guarantee a pain free life and the ability for her to get around on her own. In the meantime, the ulcer in her eye didn't want to heal with medicine and as a result we had to remove the eye.

She was adopted on November 27th, 2019 in good spirits and recovering nicely from her multiple surgeries.

Her medical expense was \$2361. Her adoption fee was \$175.

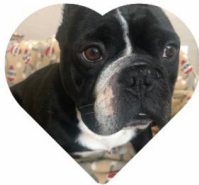

### FAITH

Came to MABTR on August 19, 2019 from a Missouri commercial breeder that released her due to her medical condition. As you can see from the photos, she had a large hernia that did not allow her to be bred any more. This meant she was no longer of value to the breeder. Faith was only 3-years-old when she arrived in our care. It was obvious that she had multiple litters which were performed by c-section.

As a commercial breeder dog, she needed basic vaccinations, a spay, HW test, and a dental. This is not uncommon for most breeder releases. She would undergo two surgeries to address all her medical needs including the hernia repair which was priority.

She was adopted out on September 11, 2019 and we are happy to report she is living the life of a princess.

Her medical expense was \$988. Her adoption fee was \$275.

### OLIVER

A Boston/Frenchie mix that came to MABTR on February 5, 2019. He was found as a stray in Dodge City, KS. He landed in the local shelter with whom MABTR has a relationship with, so he was transferred over to us for rehoming. We estimated his age at 1.5 years old.

Oliver needed a neuter, HW test, vaccinations, and some teeth pulled. He also struggled breathing due to his elongated pallet and closed nares. He underwent two surgeries to repair the pallet, open the nares, neuter, and dental.

He was adopted out on February 18, 2019 where he is secure and safe from getting loose again.

His medical expense was \$737. His adoption fee was \$175. His adopter graciously paid \$250.

[ADOPTABOSTON.COM/EVENTS/CO-DINNER-AUCTION/](https://adoptaboston.com/events/co-dinner-auction/)

## May Events on HOLD

As we reach out to you today, we hope you are healthy and safe. Like many of you, we continue to monitor the Covid-19 updates and advice from health agencies and government officials. In keeping with this advice, MABTR will not hold any in-person fundraisers or events this month as we had hoped.

Ultimately, we will monitor the situation and will reschedule events and fundraisers as soon it is deemed safe to do so. We will announce our dates using our website and through social media.

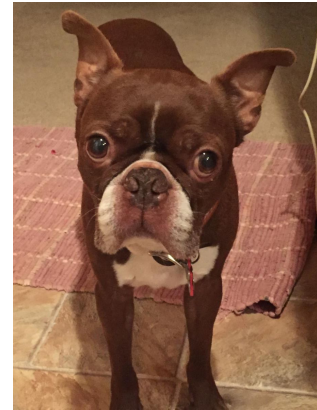

**Our thoughts are with you. We look forward to seeing you soon. Stay safe til then!**

## Medical Corner

*Why does my dog excessively lick his paws?*

Something so common you've probably witnessed your dog doing it every day, and

Rocky 6/10 - 4/20

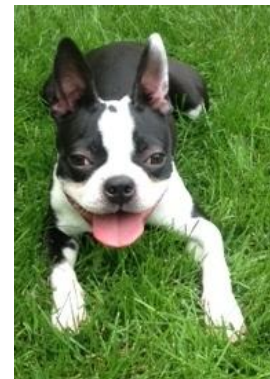

Snow 5/08 - 4/20

### Golden Paws for Golden Years

*Did you know*  
that MABTR has such a program where an adoptor 60 or older adopting a Boston 7 years and older receives \$50 off the adoption fee?

[Learn more here](#)

**Local MABTR Events**  
**\*\*\*Join us!\*\*\***

*~all breeds welcome~*

**[CLICK HERE](#)**  
**[for online calendar](#)**

ignored it, telling yourself it's "natural" and they are "just grooming". In fact, there is always a reason for a dog to lick their paws.

One thing to try first is a bath. Remember that dirt and allergens stick to a dog's coat and it is not until they are washed with soap and water that dirt and allergens removed.

**When should I give my dog a bath and how often?** The answer varies. Ask yourself where your dog has been, walked and rolled in, then remind yourself he is coming into your home, into your bed and on your furniture bringing along anything on his feet and coat.

\*Soaking your dog's feet in Epsom salt can also provide relief.

When your dog should get bathed:

- After a visit to the dog park, dog event, lake, or forest
- After swimming
- After a visit to doggie daycare or boarding
- After rolling on the ground where a rabbit, rodent or worms laid.

**If licking continues after a bath it could be one or more of the following items.** Do not just assume behavior. Always weed out medical concerns.

1. allergies - food or/and environmental - number one cause for most dogs
2. a bad tooth
3. yeast infection
4. side effect to medication
5. discomfort, body ache, or pain - not specific to pain in the foot but other places on the body. This action takes their mind off the pain
6. anxiety - comforting motion
7. blister, cut, or cyst on the foot - could be a silver (foreign object) in the foot
8. broken or torn nail

*Remember your dog cannot talk so you need to read signs given to you and react.*

## MABTR Alumni

### Tallula

"Tallula (then known as Dashing) came to us on December 15th 2017. She had been a puppy mill mommy and was not real sure how to be a dog. She was also very shy. She soon learned how to go up and down stairs and play with toys. While still shy she has a trusted group of humans she

## Sara Lee

"Some things are just meant to be. Sara (now known as Sara Lee) was a beautiful puppy mill rescue. She had been on the MABTR site for about a month and was described as shy, extremely skittish, and BARKS. We could not have a barker but we fell in love with her picture and finally contacted her foster mom. Turns out she was foster mom #2 and Sara Lee had never made a sound while in her care. It had been foster mom #1 who reported that she barked.

We live 3 hours away but asked to come meet her ASAP. Her foster mom told us she was originally from our town and would bring her to us and visit her family. When she arrived, Sara Lee went potty after the long drive, walked over and sat at my feet, claimed me as her human, and the rest is history.

It's now over two years later and Sara Lee is a devoted, well mannered, happy, and loving lap dog who has brought joy into our family. Some things are just meant to be." -- Jim I.
